## The good times never stop here.

We never forget that activities and social programs are an important part of living—and the recovery process. That's why Regency House has a steady schedule of games, arts, crafts, planned shopping trips, birthday celebrations, and other activities - promoting social interaction and individual well-being. Residents can also keep active with our weekly fitness programs.

Also, volunteers visit Regency House frequently to educate, entertain, and simply spend time with residents.

Family pet visits are simply another way for residents to enjoy a touch of family.

So get ready for activity, friends, and interaction. It's all waiting for you at Regency House.

**Assisting you with the utmost care.** Regency House offers you a variety of services to insure the highest quality of assisted living care available.

For your peace of mind, assisted living services at Regency House are ideal for people who need a hand with the activities of daily life. While living independently in their own apartments, residents may receive daily care for tasks such as eating, bathing, dressing and medication monitoring. Thereby assisting residents, but allowing them full independence.

In keeping with a full lifestyle, the apartments at Regency House are spaciouly designed--featuring wide, welcoming windows—so you can decorate with your own personal touches. Each apartment is equipped with a kitchenette and a private bathroom.

Mealtime at Regency House is a fun occasion for residents to socialize while enjoying their favorite foods. Led by a registered dietitian, our dietary staff provides a variety of nutritious, delicious and creative meals.

**Assisted Living is Independent Living.** The staff at Regency House are committed to creating the most beneficial assisted living environment anywhere.

We know that a full, independent life can be enjoyed with assistance from us. That's been our goal as we've created a vibrant, exciting community where residents can be as active as they wish.
